

FIBA 3x3 Rankings Quick Guide

Edition 2017

I. CONVENTIONS

There are three official FIBA 3x3 rankings: 1. Individual Ranking, 2. Team Ranking and 3. Federation Ranking. The team and federation ranking are based on the individual ranking.

II. INDIVIDUAL RANKING

1. Overview

The FIBA 3x3 Individual World Ranking of each player is calculated based on points collected considering only the results of the best 9 FIBA-endorsed events played over the last 12 months. The number of points earned at a competition will depend on its level (see below section 1 & 2) and players' performance (see section 3):

- a. Final standings;
- b. Pool results: the best 3 or 9 results in respectively pool or league phase;
- c. Individual scoring: each players' best five scoring performances.

2. Calculation:

Rankings will be calculated **every day at 1200 hours UTC**, except between 24 December and 06 January (both inclusive).

3. Event level (Definition of each event can be found in Glossary on fiba.com/3x3)

<i>Event Level</i>	<i>City-based*</i>	<i>National-team**</i>
• Black 10	• FIBA 3x3 World Tour	
• Red 9	• Challengers	• FIBA 3x3 World Cup • FIBA 3x3 Zone Cup
• Brown 8	• Quest Finals	• FIBA 3x3 U18 World Cup • FIBA 3x3 U18 Zone Cup
• Purple 7	• Quest stops • Satellite finals	• Other national-team 18+
• Blue 6	• Satellite stops	• Other national-team U18
• Olive 5	• All other open events	
• Green 4	• 30+ and U18 events	
• Orange 3		• National-team U15
• Yellow 2	• U15 events	
• White 1	• U13 events	

U-*nn* means that said player does not become older *nn* years in the current year.

*U color applies even if playing in older category, except in national-team events

**National-team competitions require FIBA recognition and simultaneous competition for both genders

Considerations to Event Level:

- Events classifying to a Quest stop are considered as a Satellite stop and events classifying to a Zone Cup are considered one level below;
- 3x3 events in continental multi-sport games are classified one level below the Zone Cup whilst other multi-sport games will be considered other national teams competition; OG (and YOG) is considered as if World Cups (U18);
- Wheelchair is always considered white.

4. Event colors upgrade and downgrade

Event colors can be adjusted (upgraded or downgraded) in the following cases:

Case	Color up/down grading
Prize money above USD 10,000 in average per participating team in open*	1 upgrade**
Non-World Tour categories in Quests	1 upgrade
Tour finals, other than Quest and Satellite ones, in categories with 100 or more teams in all stops ex-final	1 upgrade**
Female*	1 downgrade
Category with “competitive” and “recreational”	1 downgrade for recreational
Multiple divisions in same gender & age category other than pursuant competitive vs recreational	1 downgrade for each division
National-team if more than one team from the same country in the same category	1 downgrade
Small size division***, 8-11 teams	1 downgrade**
Mini size division***, 7 or less teams	2 downgrade**
Incomplete registration data****	1 downgrade
Gradings can be cumulated, minimum color is white. U13 is always white irrespectively of gradings.	

* Not applicable to Black and Red base color categories in city-based competitions

** Not applicable to national team competitions

*** Not applicable in Black, Red and Brown base color categories in city-based competitions and those categories with total competition’s prize money in such category above USD 50k and finals of tours with more than 100 distinctive players (with a confirmed account) in all its qualifying stops of said category

**** Events’ validated with players’ incomplete data; complete data include name, surname, day of birth, gender, city & country of residence, nationality

Note: Prize money has to be notified & pre-paid to FIBA 2 months in advance to be considered for upgrading purposes.

5. Individual ranking points collected at events

There is only one table of individual ranking points for all FIBA-endorsed competitions. Points will depend on the level of the event (crescendo from white to black):

Table of Ranking Points of FIBA-endorsed events ("Table")											
		Black	Red	Brown	Purple	Blue	Olive	Green	Orange	Yellow	White

** Requires full points scouting											

6. Tour points for tour standings

Irrespective of tournament size, tour points are awarded in each tour's tournament for tour standing purposes:

Tournament standing	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17-32	33+
Tour points	100	80	70	60	50	45	40	35	20	18	16	14	12	11	10	9	3	1

7. Sanctions

Sanctions to players by FIBA can include the partial or complete loss of ranking points.

III. Team Ranking

8. Overview of team ranking

The **FIBA 3x3 Team Ranking** is calculated based on ranking points of each team.

Team ranking points are the **sum of the ranking points of the three highest rank players** of said team; whereas teams are identified based on World Tour teams or in its default by the **usual team concept**; whereas the top ranked players have players exclusively allocated to their team on an iterative basis.

Iterations are started with top ranked player and will finish when the top 50 teams have been identified, however FIBA reserves right to **publish only rankings of top 20 teams. A top team can be comprised only by four players and up to a maximum of 2 substitutes for the entire season**; a player can belong only to one single team in a (city-based) season, ergo national team competitions are ignored for this restriction.

Team rankings are used at season-end to directly qualify top teams to a certain number of World Tour Masters (“WT Masters”). Number of directly qualified teams and their allocation is defined by FIBA prior to the beginning of each new season.

IV. Federation Ranking

9. Overview of federation ranking

The **FIBA 3x3 Federation Ranking** is calculated based on ranking points of each national federation. Federation ranking points are the sum of the ranking points of their top 100 nationals with a confirmed play.fiba3x3.com (previously known as 3x3planet.com) account in the respective category.

Respective categories are men, women, U18 men, U18 women as well as U23 men and U23 women.

The combined federation ranking is the sum of the ranking points of men and women.
