GENERAL RULES AND ACCESS GUIDELINES

Members of the media accredited to FIBA EuroBasket 2022 are required to act respectfully towards their colleagues, players, coaching staff, organisers and volunteers. They must at all times act in accordance with international media and journalism ethics principles, maintaining high standards especially in regards to truthfulness, accuracy, objectivity, impartiality, fairness and public accountability.

GENERAL RULES

All accredited members of the media are required:

- To wear their accreditation badge at all times and remain within the designated zones as displayed on the accreditation badge;
- **To wear a high quality face mask when they are in close proximity of players and coaches (ie Mixed Zone; Press Conferences; Practices etc.);**
- To closely follow all instructions given by FIBA, the Local Organizing Committee as well as arena security;
- Not to cheer or display support for a specific team from within any designated media area in a loud and disturbing manner. The display of flags and banners is not permitted, as well as dressing in such a way as to express excessive support for a participating team;
- Not to behave in an abusive, threatening or aggressive way.

Upon violation of any of the above conditions or upon non-compliance with instructions given on-site, FIBA reserves the right to withdraw accreditation, with or without prior warning, as well as deny accreditation to future FIBA events.

SOCIAL MEDIA GUIDELINES FOR ACCREDITED MEDIA

FIBA supports and encourages players and other accredited persons to be active on Social Media by posting about their great experiences (tweet, videos, photos, etc.).

Nonetheless, accredited media must respect the following guidelines:

- Publications must be dignified and in good taste and must not contain disrespectful or obscene words or images;
- Players and other members of the team delegation are not allowed to publish content on Social Media during their game;
- Some photos can be taken for personal use and accredited media may publish them for editorial purposes on Social Media (these photos can only be taken with smartphones/tablets, no professional equipment allowed);
- Your Social Media activity linked to the event should not be linked to any commercial and/or advertising purposes;
- Never forget that what is posted on Social Media can be considered as “public” and cannot be entirely retracted or deleted. Make sure that all content associated with you is consistent with your values and the ones of your organization (federation, team, media, etc.);
- Don’t post something unless you’re sure you won’t regret it later. In case of infringement of the above rules, FIBA and the LOC reserve the right to apply disciplinary action and/or withdrawn the accreditation of any accredited persons with immediate effect.

Don’t forget to use the official hashtags #EuroBasket and #Bring the Noise and mention @EuroBasket and @FIBA when you refer to the event on Social Media.

TV/RADIO BROADCAST PARTNERS

The live television, radio and online broadcast of the event will be coordinated and distributed to the various FIBA Broadcast Partners / TV and Radio Rights-Holders by FIBA MEDIA representatives on site.

FIBA Broadcast Partners not only have the right to broadcast games of the Tournament but they also have the right to conduct exclusive interviews before and after the games as well as the possibility of having their own ENG cameras around the court.

There will be privileges and priorities given to official broadcast partners during the championship.

TV RIGHTS-HOLDERS BIBS

A bib (vest) is a supplementary credential which provides access to restricted areas such as on-field positions.

All broadcast rights-holders camera persons will be equipped with numbered bibs provided by FIBA at the beginning of the Championship.

The bibs are issued exclusively for the purposes of the event with the official marks of the competition and thus non-returnable.

HOST BROADCASTERS (HB) BIBS

Please note that all Host Broadcasters (HB) camera persons will be equipped with black bibs provided by FIBA MEDIA at the beginning of the Championship.

The bibs are issued exclusively for the purposes of the event with the official marks of the competition and thus non-returnable.

MEDIA NON-RIGHTS HOLDERS ACCESS RULES

Non-rights holding media are expected to respect the order of precedence accorded to Broadcast Partners.

All non-rights holding media, newspapers, online publications and websites, and TV companies that are not Broadcast Partners do not have the right to broadcast or film any game action as well as any other video and audio content during the official team presentations, the actual game or immediately after the end of the game. They may also not publish live scoring.

Non-Rights Holders are only permitted to record images with video and/or audio equipment in the Mixed Zone and the Press Conference Room.

Live stand-ups or live transmission from these areas is prohibited.

The video and audio broadcasting rights of FIBA competitions as well as the live scoring and statistics belong to FIBA. Any infringement may result in legal action being taken.

Print and web media outlets that are not accredited as photographers are not permitted to take photographs of on-court action with professional equipment, whether from the media tribune, commentary tribune, photographer benches or from any other area within the arena.

ACCREDITED PHOTOGRAPHERS

Photographers working at FIBA EuroBasket will be seated on the baseline benches and may not venture onto the game floor.

ACCREDITED PHOTOGRAPHERS BIBS

All photographers are required to wear photographer bibs in order to access the court area.

Depending on the venue photographers shall collect their bib either at the Accreditation Centre or the Media Welcome Desk of the Media Working Room, after first collecting their accreditation badge.

Bibs are required by all accredited photographers in order to access the photographer benches and to take any photograph within the arena with professional photography equipment. They must be worn at all times.

The bibs are event-specific and are for the photographers to keep – there is no need to return them at the end of the event.

PHOTOGRAPHERS ACCESS RULES

Photographers must avoid disrupting or blocking the view of the court and/or the work of other members of the media.

More specifically, they must:

- Not change sides during play or time-outs, instead they can change ends only at half-time (opposite side of the benches only);
- Not walk freely around the court during the game;
- Not take photos from behind or beside the team benches;
- Not take photos standing in front of spectators;
- Not take photos that block the view or the function of the advertisement panels etc. Not allowed to eat or drink while working behind the baskets.

Photographers do not have access to the Media tribune.

Only FIBA Official Photographers may reserve positions on the photo benches; no other position reservation is allowed and stickers will be removed.

REMOTE CAMERAS

There is a limited number of behind-the-board remote cameras (1 for each basket) allowed in every venue.

Only pool cameras will be allowed.

The installation of such remote cameras will be organized in the venues before the first game day. More information will be provided at a photographers' meeting organised by FIBA and communicated through advisories.

Photographers will be authorized to install a remote camera only after showing that they brought the necessary and approved material, such as magic arms, radios, etc.

Please note that FIBA has remote camera priority, followed by major media agencies. Remaining access is prioritized at the discretion of FIBA Media Operations.

Those who have installed remote cameras will be able to take their memory card and change battery only at half time and at the end of the game provided they do not disrupt a team warm-up or other on-court activity. All other possible technical tasks must be performed at the end of the last game.

Photographers wishing to be considered for remote cameras should send an email request to FIBA Media Operations media.operations@fiba.basketball

TEAM PHOTOS AND PLAYERS' HEADSHOTS

Team photos will be taken by FIBA on the first game day and will be made available [on the official website](#), together with the individual players' headshot pictures.

MEDIA ACCREDITATION

Media representatives wishing to attend a FIBA event must have applied directly to FIBA by using the online accreditation system (FIBA Media Portal) within the defined accreditation deadlines.

Only professional media representatives are considered for accreditation.

PRACTICE SESSIONS

MEDIA ACCESS RULES FOR PRACTICE SESSIONS

Team practice sessions are in principle closed to media, except for the last 5 minutes of the actual practice which are “photo/video opportunity” as well as the 10 minutes following the end of the session, which are considered as “media minutes” and the media can use to conduct interviews.

More specifically:

90-minute sessions: All teams must guarantee media access to their players and coaches for interviews during the 10 buffer minutes between two practice sessions. They should also open their last 5 minutes of their practice for photo/video opportunity.

60-minute or shorter sessions: Coaches and players are invited to make themselves available for the last five minutes at the end of the session. The 5-minute photo/video opportunity applies.

While players and coaches are expected to communicate with the media, they also have a right to privacy. Media should respect this right and as a general rule avoid contacting players and coaches directly outside of periods of media availability, especially in and around the team hotel. Instead, requests for access to players should be submitted to the team press officers.

MEDIA WORKING ROOM

The Media Working Room is located close to all areas related to press and set up to all their needs. It includes working space (tables and chairs for media), an information desk as well as a number of other useful services for the media.

The Local Organising Committee's media team and media volunteers are on-site to provide help and assistance to members of the media.

There is a number of TV sets in the Media Centre to follow the games.

Media Lockers can be booked at the Media Welcome Desk. A monetary advance may be requested and returned upon returning the locker, provided that the locker has not been damaged.

MEDIA TRIBUNE

The Media Tribune is equipped with tables and chairs, wifi and cabled internet.

Not all media will have a seat assigned in the media tribune for high demand games where a priority system will apply.

Should there be insufficient seating in the media Tribune for any given game, priority will be given to major media outlets as well as media from the two participating teams. SAD (Special Access Device) may be issued by FIBA Media Operations.

A seating plan of the media tribune will be defined by FIBA and a seating chart will be made available at the Media Welcome Desk or through the local organising committee's media operations staff.

FIBA reserves the right to book seating for FIBA staff, for major media outlets as well as for some rights-holding media.

While some accredited media are not guaranteed seating in the media tribunes, FIBA and the LOC will do everything to accommodate attending media and offer them the best possible working conditions.

Photographers do not have access to the Media Tribune.

RIGHTS-HOLDERS COMMENTARY TRIBUNE

This tribune is set up in order to ensure commentators have the best possible view of the court and is generally located directly opposite the team benches. Only Rights-Holding Broadcast Partners have access to this area. All places within the Commentary Tribune are pre-assigned by FIBA MEDIA (broadcastoperations@fibamedia.com).

PRE-EVENT PRESS CONFERENCES

The Head Coach and the team's Captain will participate in a pre-event press conference on Game Day -1.

These press conferences will take place immediately after a team's official practice in the Game venue, on August 31 for the teams in Tbilisi and Cologne and on September 1 for the teams in Milan and Prague.

The duration is 15 minutes.

All press conferences will be carried out in English for the first part with questions in the team's native language for the second part.

POSTGAME PRESS CONFERENCES

All games will be followed by an Official post-game press conference.

The protocol of the press conference will begin 15 minutes after the end of the game.

All press conferences will be carried out in English. Therefore, all statements/questions/answers shall be made in English. In case a Player/Head Coach does not speak English, a member of their delegation (Press Officer or other) should translate.

The Press Conference will be conducted by a moderator and consists of two parts.

First part: Only the Head Coach and a Player from the losing team will attend this first part (maximum 15 minutes).

ATTENTION: Germany (in Cologne and Berlin); Czech Republic (in Prague only); Georgia (in Tbilisi only) and Italy (in Milan only) always attend second, regardless of the result of their game.

The rundown will be the following:

- Statement from Player of the losing team
- Statement from Head Coach of the losing team
- Questions from the media to the Player or the Head Coach
- (Potential questions from non-attending media on Accredited Media WhatsApp chat (asked by the Moderator) to the Player or the Head Coach)

Following the conclusion of this first part, the Head coach and the Player will leave the room and may answer questions from media in their language, outside the press conference room at the ONE-ON-ONE interview area.

Second part:

Only the Head Coach and a Player from the winning team will attend the second (maximum 15 minutes).

ATTENTION: Germany (in Cologne and Berlin); Czech Republic (in Prague only); Georgia (in Tbilisi only) and Italy (in Milan only) always attend second, regardless of the result of their game.

The rundown will be the following:

- Statement from Player of the winning team
- Statement from Head Coach of the winning team
- Questions from the media to the Player or the Head Coach
- (Potential questions from non-attending media on Accredited Media WhatsApp chat (asked by the Moderator) to the Player or the Head Coach)

Following the conclusion of the official English language part, the Head Coach and Player may stay in the press conference room to answer questions from the media in their own language (where/if applicable).

FIBA Media Operations staff, the LOC, as well as the team Press Officers will be on hand to coordinate the Q&A session.

MIXED ZONE

The Mixed Zone allows all accredited media – regardless of their status as rights-holders or not to approach players and coaching staff for interviews and reaction following the conclusion of each game.

Members of the media wishing to use the Mixed Zone should take their positions before the end of the game.

Access to the mixed zone will be prioritized at the discretion of FIBA Media Operations.

The coaches and players of both teams are required to exit the court via the Mixed Zone. While not officially obliged to stop, players and coaches have been strongly encouraged to take the time to answer questions in the Mixed Zone.

Members of the media working in the Mixed Zones are requested to not insist too forcibly for interviews.

Media must uphold the expected level of professionalism. As part of this professional behavior, media representatives must refrain from asking players and coaching staff to pose for photos with them or selfies in the Mixed zone.

MEDIA SERVICES & WHATSAPP CHATS

All accredited media can join the official Accredited Media WhatsApp chat in every venue to remain informed about event updates and also post questions about the competition or media services, to the FIBA and LOC Media Operation teams onsite.

MEDIA SHUTTLES

The local organisers in every city offer a shuttle service from/to the official Media Hotel and the Game Venue, to those media who are accommodated there.

In Prague as the hotel is on the Metro Line, there is no shuttle to the venue; the organisers will offer free public transport tickets to the media staying at the Media Hotel. There will be a shuttle service on game days, after the end of all action.

FIBA provides [photos](#) taken by its official event crews free to accredited media.

All player headshots and action photographs of each game will be free for editorial use on the event website [eurobasket.basketball](#), downloadable in high resolution (simple right-click and save).

Only the resolution available through the website will be free to download and use.

These photos are for editorial purposes only and cannot be linked to any commercial activity. All images that are used must be credited as "FIBA".

MEDIA ADVISORIES

Media advisories will be sent out via email to announce and important activities and share important information about media services and event updates.

The advisories will also be made available through our FIBA Media Operations twitter: [@FIBA_media](https://twitter.com/FIBA_media)

MEDIA CATERING

The Local Organising Committee will provide catering service for media.

Complimentary refreshments will be available at the Media Catering area.

Warm meals (one per day) may require a voucher. In such case please always inquire at the Media Welcome Desk.

SECURITY

The LOC ensures tight security measures in all areas of the venue, including all media zones. Persons without accreditation will not be permitted to access any areas of the arena. Please understand that security is not a hindrance to your work, but a key service for everyone related to the event, including the media.

In all the zones in the Arena, private and government security forces work together. Please observe the instructions given by the arena security staff, police and security forces.

MVP VOTING

All accredited media will be able to vote online for the All-Star Five and MVP of the event.

They may also be able to change their vote and add/remove players from their list as the tournament progresses.

Details will be sent through media advisories during the course of the tournament.

BOUNCE, THE OFFICIAL MASCOT

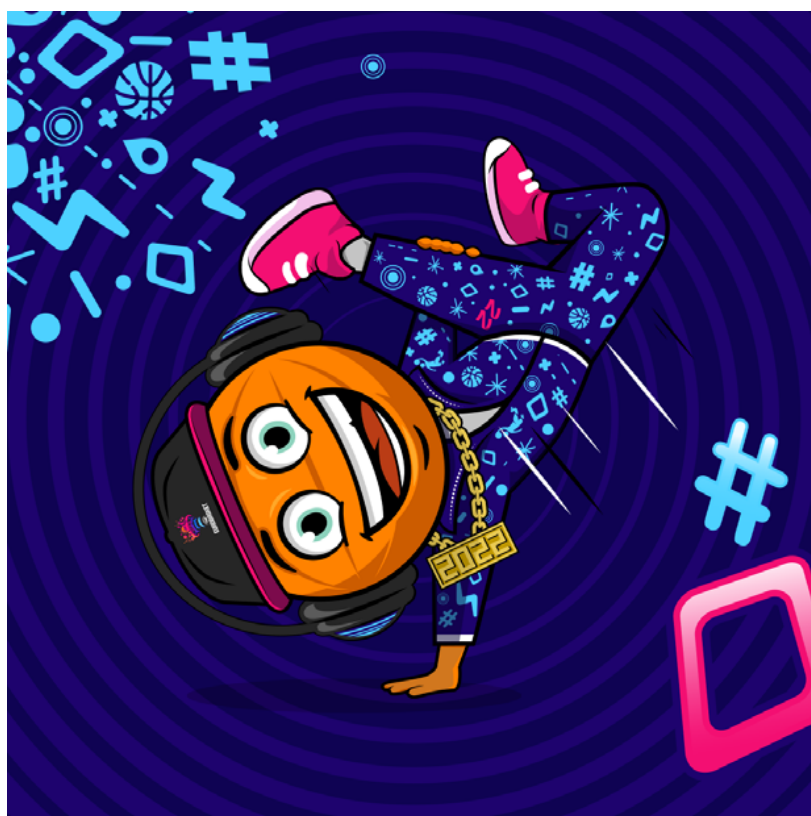

Some say he was once a baller on the court. Others are convinced he's a chart-topping DJ. It's even been suggested he comes from the future, having tumbled through a gap in time.

The truth is no one knows for sure.

What we do know is he goes by the name of Bounce.

He's always ready to raise the roof. Ready to amplify the atmosphere.

Ready to **#BringTheNoise**.
